EQUAL HOUSING OPPORTUNITY

Junior Achievement is dedicated to inspiring and preparing young people to succeed through programs which focus on financial literacy, work and career readiness, and entrepreneurship.

Junior Achievement believes in "possible." Each day, they work to help young people discover what's possible in their lives.

They do this by partnering with local organizations like LUSO to help young people connect what they learn in school with life outside the classroom. We let them know it's possible to invest in their future, to gain a better understanding of how the world works, and to pursue their dreams. We show them that it's possible for tomorrow to be a better day.

LUSO Federal Credit Union volunteers visit local classrooms to teach the Junior Achievement curriculum!

- No prior teaching experience needed!
- All lesson plans and activities are provided
- Share your real-life work experiences with students
- Classes taught during school hours
- Five 45-minute weekly sessions or "JA in a Day"
